Are You Ready to Meet Future of Buildings? Zero Energy Buildings

Zero Energy Building (ZEB) is a building that is highly energy efficient and fully powered from on-site and/or off-site renewable energy sources and as well as consumes only as much energy as can be produced through renewable resources over a specified time period.

Principles can be applied to any type of project, including residential, industrial and commercial applications in both new construction and retrofit.

IMPORTANT !

To boost energy performance of buildings, EU has established a legislative framework that includes EPBD (Energy Performance of Buildings) requiring that All New Buildings in EU must be build by nZEB (nearly Zero Energy Building) principles by 01.01.2021 where the low amount of energy that nZEB consume comes mostly from renewables.

International Forum on Zero Energy Buildings

ZeroBuild Forum For What

Many problems of us who use more than 30% of the energy consumed only in buildings can be greatly contributed by increasing energy efficiency, minimizing fossil fuel use and focusing on renewable energy sources at the same time.

Beyond presenting a road map to all stakeholders by sharing world examples, ZeroBuild Forum aims to show the public that it is not difficult at all to reach Zero Energy Buildings, with all the architectural-engineering knowledge and production-industry capabilities we have.

ZeroBuild Forum'20 What They Say ?

“ It was a pleasure for me to be part of this event. I think that the format selected allowed a good exchange of information for both speakers and attendees. I was also impressed by the number and the quality of the presentations. I really wish you a great success for the next editions. ”

Prof. Enrico Fabrizio,
DENERG/ Department of Energy,
Politecnico di Torino

“ Congratulations on the excellent performance. This is a good start and I am sure forum will do better and better in the future. ”

**Prof. Kaveh Madani, Visiting
Professor, Centre for Environmental
Policy, Imperial College**

“ It was a great pleasure to be part of ZeroBuild Forum'20. Big thanks to all colleagues for your time and effort in organizing such a useful forum and for inviting my contribution. I hope for more of our collaborations in the future. ”

Asst. Prof. Amos DARKO,
**The Hong Kong Polytechnic
University**

“ Congratulations on the success of the meeting. I was honored to make a presentation on Zero Build Forum. I very look forward to see you next year.. ”

International Forum on Zero Energy Buildings

ZeroBuild Forum Turkey Chapter ZeroBuild Türkiye

With many successful examples through different countries in the world, "Zero Energy Buildings" topic is also located in **TURKEY's** action plans.

International Forum on Zero Energy Buildings "ZeroBuild Forum"s Turkey Chapter "**ZeroBuild Türkiye**" convenes senior private and public sector leaders from across world at an inspiring and practical environment enabling network with top industry leaders through interactive and intuitive capabilities.

In order not to leave the solution to tomorrow, the Forum, which was held in 2020 with the slogan "**Error 4.0 - Our World Is Giving Error**" through the triggering of environmental disasters, climate crises and especially the epidemic process, goes live in 2021 with the motto of **Right Now, Go!**

Right Now, GO!

International Forum on Zero Energy Buildings

ZeroBuild Türkiye'20 What they say?

“Participating in and supporting such a colorful and successful event has made both me and our association proud. We thank you for your efforts and congratulate your success. We would like to provide the best possible support for 2021.
Kemal Evcioğlu, Chairman,”
UTMD / International Association of Facilities Technical Managers

“I would like to congratulate all those who contributed to ZeroBuild's success. We are here to give our best support in the next year.
Çağdaş Korkmaz, Insulation Group Marketing Manager, Nippon Betek Paint

“In the ecological crisis we are in, we find the Zero Energy Buildings Forum very meaningful and valuable. Thank you and everyone who contributed for this organization once again! Together at the forum next year, we are happy to contribute to the announcement and dissemination of the forum.
İren Bıçakçı, Climate Activist

“It was an honor to attend the forum. I pay my respects to meet you in the forums you will organize from now on.
Dr. Murat Çakan, Istanbul Technical University Department of Mechanical Engineering
